

Patryk Mazurek

Treinee Web Developer

Summary

- I am a third-year student of mechatronics at the Faculty of Mechanical Engineering of Wrocław University of Science and Technology. During my studies I learned to work in a team, and my conscientiousness and enthusiasm helped to create many projects. My future is connected with the IT industry, therefore, using online courses, I am developing towards becoming a web-developer. I also create my own projects, which allows me to solve problems and broaden my knowledge of the technology used.
